## **MMR VACCINE DAMAGE**

### **WHO WILL LISTEN IF IT HAPPENS TO YOUR CHILD?**

**30 British children have died after receiving their MMR or MR vaccines (undiagnosed).**

**Why are parents not given the choice of single dose vaccines for their children?**

**Do you have full information on MMR side effects?**

**Is your child well enough to have MMR? (Has your child had antibiotics in the last 6 months or recently suffered convulsions, neurological disorders, allergies, or is there any history of immune system problems, infections or any viral illnesses like flu, bad coughs or colds?)**

## **MMR AND AUTISM**

**AUTISM - Now it's 1 child in every 86.**

**Autism is now more common than all other serious childhood conditions combined.**

**The rise in some types of Autism coincides with the introduction of the MMR Vaccine.**

**Why are Dr Andrew Wakefield, Professors Simon Murch and John Walker-Smith presently on trial before the General Medical Council when no parents have made complaints against them?**
