Robert B. Johnson
Vice President

March 5, 1984

James E. Strain, M.D.
American Academy of Pediatrics
556 S. Jersey Street
Denver, Colorado 80224

Dear Doctor Strain:

I am pleased to inform you that Lederle Laboratories, a Division of American Cyanamid Company, will donate \$300,000 to the Building Fund for the new Academy of Pediatrics headquarters.

This contribution will be made over a four-year period, starting in 1984. The schedule is as follows:

1984	-	\$ 60,000
1985	-	70,000
1986	-	80,000
1987	-	90,000
		<hr/>
		\$300,000

As discussed previously by Mr. Mauzey with the Academy, our 1984 donation will be made during a luncheon at American Cyanamid in Wayne, New Jersey. The luncheon will be held prior to April 30, 1984, and at the convenience of attending Academy Board members. The Academy will be contacted within two weeks to finalize a date.

As you know, Lederle Laboratories was started almost eight decades ago to meet the need for a purified diphtheria vaccine. Our research has been significantly involved with pediatric medicine ever since and therefore, maintains a strong interest in the future growth of the American Academy of Pediatrics.

Please accept the above pledge as evidence of our continuing commitment.

Sincerely,

REJ:stg
